

“Focusing on corporate advisory work means that I’ve gained great insights into business. That I’m able to share this with my clients is very worthwhile.”

## domenic quartullo

### experience

Domenic is a partner in PKF’s Corporate Advisory division. He has focused on valuations, financial investigations and economic appraisals for 21 years. Over this time Domenic has worked for clients in construction, gaming, health and pharmaceuticals, recruitment, resources, retail, telecommunication and IT services, and wholesale distribution.

During his two decades corporate advisory work, Domenic has written many Independent Expert Reports, and conducted valuations for companies and businesses for divestments, mergers and acquisitions, stamp duty, and Capital Gains Tax.

Domenic has also undertaken many due diligence reviews for proposed business acquisitions and financial forecasts (including public company float prospectuses), and prepared Business Information Memorandum for proposed sales of businesses, financing applications and other business development functions.

Domenic has prepared numerous economic loss reports and undertaken royalty audits and investigations. In addition, he has prepared many litigation “expert Witness” reports – covering fraud, economic loss and other litigation proceedings.
