## experience

Esther's experience with PKF, and previously with Rowlands Corporate Advisors, spans more than 20 years. She specialises in business process outsourcing and has extensive experience in management accounting, business acquisitions and taxation.

For over 18 years Esther has been handling businesses' management accounting needs, some with over 50 cost centres. This includes monthly management reporting, statutory reporting, budgets, cashflows, payroll accounts payable and provision of CFO services.

She also has special expertise in due diligence for business acquisitions or sales. For example, for a major Sydney radiology partnership she assisted in the co-ordination of finance, the review of contracts for services for the radiology partners, and the review of leases to ensure the smooth takeover of a site.

Esther has extensive knowledge of numerous industries including health, finance, property and construction, and professional services.
