

“It’s very important that growing companies are aware of all the government incentives they could be eligible for. It’s very exciting to help clients through the claim process and to see how much they benefit from the incentives.”

graham wakeman

experience

Graham is PKF’s partner responsible for Government Incentives.

Before joining PKF in November 2001, Graham spent over 13 years with a Big 4 Firm. Prior to this, Graham worked with the Australian Trade Commission as a Trade Development Officer.

Graham has a reputation for providing leading edge advice on how to access and maximize R&D tax concessions and other government incentives such as R&D Start Grants and Export Market Development Grants. He advises clients on activity and costing eligibility, assists with R&D tax claim preparation, deals with IR&D Board and ATO investigations and litigation.

Graham advises leading Australian companies, public and private, large and small, including high growth IT and biotechnology businesses. His clients include Adsteam Marine, AGT, Amateck, ING Australia, Hyro, Infomedia, ICSGlobal, MLC, Peregrine Semiconductor Australia, TecBuild, Technico, Viator Systems and WorldGroup Consulting.
